HIGH SCHOOL GIRL DIES FROM BURNS

Despite all the warnings and suggestions of what has been said during this "Fire Prevention Week," death has saddened this community, caused by the ever dangerous blaze in the home.

Tuesday about noon, Miss Nola L. Welch, age 16 years 2 months and 12 days, was fatally burned in the kitchen of her father, Otto Welch, who lives near the City Water Station.

Information is that Miss Welch, who was a Sophomore in the Hamlin High School, had come in from school and was hastily preparing a lunch over a stove that uses coal, and that she had used coal oil to rekindle the fire, with the result that her clothing was ignited and she ran from the house northward towards the homes of Joe Dillingham, Buck Wilmon and Pete Bond. The screams of the girl attracted these folks and they met Nola in the alley between the homes and extinguished the flames. She was frightfully burned on her breast, back and

hands.

After receiving first aid by a Hamlin physician, she was rushed to the Stamford hospital, where she lingered till 9:00 a. m. Wednesday. Nola is survived by her father, Otto Welch, a step-mother and one sister, Mrs. Curley Johnson of Snyder and one brother, Edward of Hamlin. Her mother passed away several years ago.

Nola Welch was a popular high school girl. She gave promise of success in life. She was born in Hamlin, July 29, 1923.

Funeral services were conducted at the First Baptist Church, Thursday at 3:30 P. M., by the pastor, Rev. Henry Littleton. The services were very impressive. A section of the auditorium was assigned to the classmates of the deceased, and the flower girls were: Dorothy Wilmon, Charlotte Dillingham, Olive Stovall, Inez Joiner, Geneva Huling, Wanda Wilmon, Earlene Johnson, Selma Hassen, Twila Ruth Smith, Elsie Mitchiner, Betty Jean Bressie and Betty Abbott from the Sophomore class, and the pallbearers were: Bobby Barrow, S. C. Ferguson, Jr., Bobby Burns, Don Coles, R. M. Petty and Bill Harbert also from the class.

Hamlin's New Water System, Complete At Cost Of \$235,000 -- Rain Wanted

A Dream Of Plenty Of Good Water To Come True With The Coming of A Big Rain

In these days every country and every community has its "Magnet Line," which means, sometimes more than ONE thing. It might mean LIFE, and it does mean "Holding Back Something." And in Hamlin's case it means holding back water for use, not to get rid of.

For many years most everybody in Hamlin has realized that Hamlin's very life depended on an ample water supply. It now seems that the fondest dream has come true, or will be realized when ONE big rain falls, on the 35 square miles of territory that makes California Creek in the vicinity of Neinda, become anything but a "Dry Creek." In fact the Herald is suggesting that after the big lake is full of water that we never again refer to that little stream in Jones County as Dry California Creek. To be sure that is the governmental name, but it will not likely ever be dry again, especially above the dam. It is a very much dammed creek right now.

This water project has come to a point of completion so suddenly that one can hardly realize that just last Christmas the Federal WPA gave its first grant and accepted plans to construct this project. But it is true.

Below the Herald gives you the official report of WPA resident engineer, Frank J. Martin. Here are his words, line for line:

"The \$103,000.00 earth dam concrete Service Spillway for the City of Hamlin's new Water Supply was completed last Saturday, Frank J. Martin, Resident Engineer for the Public Works Administration, reported to Regional Director, Geo. M. Bull.

"The contract for the dam is the major contract of the new Water Supply system. This system, when completed, will cost approximately \$234,545.00 of which an outright grant of \$105,545.00 is provided by the Public Works Administration.

"The completion of this important phase of the job has come two months ahead of the schedule for which credit is due to the well organized and equipped organization of Cooke and Braden, Contractors of Amarillo, Texas.

"The Main Supply pipe line which is 10 inch cast iron pipe, from the dam to the City Filtration plant, is substantially completed and is only waiting for expiration of the thirty test period required by the specifications, before being accepted by the Engineers French and Pruitt. This expiration date is October 15, 1939.

"The Filtration Plant, which is the only other phase of the system to be constructed before the system is ready for use, is about 70 per cent complete and will be completed about November 15, 1939. Then let it rain.

"Work on this and other WPA financed projects has been speeded up to comply with Administrator Carmody's order that men and materials be put to work as quickly as possible." So that is that.

Now when it comes a big rain and the "dry creek" becomes a wet, roaring channel, it will be checking up time. Old Grouches will have a chance to be disappointed or maybe to say "I told you so." Some say it will not hold, some say the dam is so high it will drown out so and so, some say it is too shallow and maybe some say it will be too deep, some say it will not go around but over and on and on goes the guessing. Engineers and experienced contractors have done a good job and

JONES COUNTY COTTON IS FAR BELOW LAST YEAR

The Census Department reported, for publication, October 12, that Jones County ginnings up to October 1, 1939 was 12,103 bales as compared with 17,436 bales on same date in 1938.

The report as of October 1, shows that the crop this season is falling behind that of last year by 5,335 bales. The next official canvass will be taken next week, 19th, and indications are that the findings will be far off from the same date of 1938.

HAMLIN GINS 1792 BALES

Up til noon Thursday of this week, which means 12 days since the last official report was taken, Hamlin gins have put out about 1800 bales. Hamlin alone has four gins, and this part of the county is perhaps harder hit by dry weather than some other parts of the county.

It is hard to guess how many bales this community or the county will gin, but it is clear that the total for the county will likely be less than 25,000 bales when it is all gathered. Last season, the final report was a little better than 37,000 bales ginning in the county.

Mr. and Mrs. Richard Hodges of Siloam Springs, Ark. came over Wednesday to visit their parents, Mr. and Mrs. R. B. Hodges near Neinda. Mr. Hodges has been connected with the John Brown University at Siloam Springs since 1923. He has grown step by step till now he is Active Vice President organizations in Arkansas and of the University, and this includes the entire organizations in Arkansas and California—including several million dollars worth of property. They have in all their schools about 800 students.

Shepp (R. C.) Walker, and family of Vernon, came down to spend the past week end with their parents, Mr. and Mrs. John Hudson who had a family reunion Sunday. Also a son of Mr. and Mrs. Hudson, Staff Sergeant, Jack E. Hudson of the Regular Army, came up from Fort Worth for the occasion.

Miss Camille Smyers, teacher of the homemaking department in the Hamlin High school, visited her parents in Arlington Saturday and Sunday. She was accompanied by Mrs. J. Carlton Kinchen.

Rev. and Mrs. J. Henry Littleton returned Wednesday from Carter, Oklahoma, where they visited Mrs. Littleton's step-mother and her sister.

Uncle Sam, through his resident engineer, Mr. Martin has seen to it that every detail of the plans and specifications have been carried out.

The big new dam is over a mile long, is as high as the country will permit. It is built deep and wide, well fortified with 12 inch Lueders stone on the water side to check wave action; the lower side is freshly sodded with bermuda grass, and again we say, "Let 'er rain!" The big dam is not big enough to hold all the water that will come down the creek, but extensive enough to hold more than a city of five times Hamlin's size can use. And say folks everyone agrees that it will be water good enough to cook beans in. Meaning it's bound to be better than our old lakes supply.

Hamlin Organizations Are Sponsoring Lyceum Course

Six lyceum numbers have been contracted for and sponsored by several organizations associated with the public school system.

These numbers are educational and inspirational in nature and should prove advantageous to the students and patrons of our school.

The first of these numbers is scheduled to be given Monday evening at 7:30, October 23 in the high school auditorium. It is a radio team that features principally vocal selections of all kinds and is sponsored by the Woman's Missionary Society of the Methodist Church. This number will feature, light opera, grand opera, songs of fireside, ballads of to-day and long ago, songs of the cossacks, the vagabond, carmen, etc.

On November 7, the Band will sponsor Raymon, lecturer and entertainer, whose principal topics are snakes, rope spinning and whip-cracking. He will disprove much of

the general misconception relative to reptiles.

January 23, the Senior class will present Robert O. Monaghan, blind lecturer, speaker, teacher and recital artist. He will explain how the blind see, use of Braille and present a humorous wholesome philosophy of life that enables one to overcome obstacles.

For February 5, the Music Club presents Lucille Elmore and company. Her specialties are dance, mimicry, ventriloquism, dummies, songs and the violin.

March 1, the grammar school P. T. A. will bring Roeland Van Cavel, who was born in Holland. Mr. Van Cavel is a humorist, brings stories of his home country and illustrates his lectures with pictures in sand.

The final number will be sponsored by the High School P. T. A. and is a presentation of "Bob" Wood, cartoonist and chalk artist.

G. R. BENNETT,
Superintendent of Schools.

A. C. C. NEWS

Miss Nora Koen, daughter of Mrs. Mary Bull of Hamlin, has passed the requirements for membership in the Abilene Christian college Melpomenean Players club, dramatic organization.

Formal initial and reception for the new members was staged early this week in the college auditorium with the entire group of old members as hosts.

This club sponsors two major dramatic productions during the school year. For membership, the student must exhibit special talent in the dramatic field.

Mrs. A. B. Sparks and her friend, Mrs. Grace Phelps of Wichita Falls, were here on Thursday of last week visiting. Mrs. Sparks was formerly Miss Della Cowan, a sister-in-law of Mrs. L. L. Cowan of this city. She formerly worked in a bank in Hamlin.

If you do not take the Herald—subscribe and enjoy it every week.

NAZARENE CHURCH HAS NEW PASTOR

Rev. and Mrs. Don D. Jones, of Corpus Christi arrived last week to make Hamlin their home. Rev. Jones has accepted the pastorate of the Hamlin Nazarene church and last Sunday was his first services with his church.

Rev. Jones and wife have three children, two girls, Lula Bess, age 11 and Sue age 8 and a son, Don age 9. For the present this family is occupying a residence in South Hamlin.

The Nazarene congregation in Hamlin is one of the best known in the state, and this good family from South Texas will not only find a congenial church to live with but a most friendly Hamlin people in general.

Mrs. S. K. Dillard was taken to the Stamford Hospital, Sunday, for a minor operation. She is at home again and doing nicely.

Hamlin High Gridmen Humble Jayton Eleven

THIRD SUCCESSIVE WIN FOR PIPERS

JOHNSON STARS

Team Shows Much Improvement
And Goes On Scoring Spree
To Tune of 48 to 0

By far the largest crowd of the season witnessed a football game last Friday night at Pipers' Field when the most promising Hamlin team in several years completely played Jayton's boys off their feet, swamping them by the decisive score of 48 to 0.

Johnson, 150 pound half-back, is truly a triple-threat player. Passing, punting and making long gallops down the field behind excellent blocking, he was undoubtedly the most watched man on the field.

Scores came at frequent intervals throughout the game. The goal stripe was crossed by Hamlin twice in each quarter of play except the third, when only one touchdown was accounted for.

To open the play, Hamlin kicked off to Jayton, who immediately ran into trouble and had to punt out. Johnson received the kick and made a good return. On the next play, Ivy, husky half-back, found a large opening over left tackle and went 20 yards for the first touchdown. Trial for point after score no good. Ivy scored again in the first quarter, this time from the five yard marker. Again the team failed to make the extra point. Hamlin leading 12 to 0. Quarter ended with Hamlin in possession of the ball on the Jayton 40 yard line.

Unlimbering his tossing arm in second quarter, Johnson flipped one to Sowell, who went over a short distance to pay dirt and the third tally. Pass, Johnson to Sowell, accounted for the extra point. The fourth touchdown came late in the first half when Hill, shifty 122 pound substitute quarterback, took the ball across. Hill's pass to Nicholson was good for extra point. Hamlin 26, Jayton 0.

Lead by Drum Major Anita Anderson, Hamlin's green and white uniformed band, and members of the pep squad dressed in green, took charge of the playing field during intermission at the half.

Early in the third quarter, Nicholson intercepted a Jayton pass and the Pied Pipers worked the ball to the one yard line. Nicholson pushed over from there for the fifth score. Trial for extra point failed. Hamlin 32, Jayton 0. The quarter ended with Hamlin in possession of the ball on Jayton's 2 yard line.

Receiving another of several penalties, Hamlin failed to score from the 2 and lost possession of the

ball. Jayton took over and attempted a pass from behind the goal line, which was knocked down and accounted for a Hamlin safety. Picking up a kick in midfield, Nicholson evaded a number of tacklers and raced up the right sideline for another touchdown. Near the end of this one-sided contest, Nicholson again, making a jaunt of 30 yards across the goal line. Nicholson's kick for extra point was good. Score 48 to 0.

If you would get more enjoyment out of a football game, take your eyes off the ball and the ball carrier, and observe the other players. Only a small part of the action takes place at the ball. The most interesting part of every play occurs before the ball carrier reaches the line of scrimmage and preceding his contact with an opposing player. Notice the charging line as it opens holes for line plunges, also the half-backs who block out tacklers on passes and clear the way for wide sweeping plays. These are the boys who usually get little recognition from the fans, but it is their effective work which enables the ball totter to appear as the hero. True, someone has to carry the pill, but imagine his helplessness without ten teammates working with him. Forget about the ball and get more out of your next football game.

Friday night, October 13th, the Pied Pipers meet Rule High school on Hamlin's new lighted field. This promises to be a much closer game, and the local team needs your support. Game is called at 8:00 o'clock.

FAMOUS TEXAS ARTIST AND WIFE GUEST IN HAMLIN

This week, Dr. and Mrs. Joe McCrary have had the pleasure of entertaining Mr. and Mrs. Tex Moore, of Wichita Falls, who were on their way home from a summer in California. Mr. Moore is Texas' most distinguished landscape artists. He specializes in western scenes, and his works have gained wide recognition over much of the nation.

While here Mr. Moore was also guest of the Hamlin Lions Club, of which Dr. Joe McCrary is president. Mr. Moore was the main speaker at the club on Tuesday and all members and guests were delighted with the artist's wit and humor. Mr. Moore feels quite at home in Hamlin and frequently visits here and has shown some of his paintings, in this city.

John Tarleton College students spending the week end here with their parents were Misses Mildred Barrow and Marian Martin, who had as her guest her roommate, Miss Mary Lou Turner, of Stephenville; Jack Russell, Billy McGough, Charles Prater and Bill Morrison.

MT. ZION NEWS

With two pastors, Rev. and Mrs. Mary Lee Cagle working with us this year, we would indeed appear to be a non progressive church, if we were not able to report progress in our church as well as our local Sunday School. With an enrollment of 80, we have reached the one-hundred in attendance more than once and have kept up our average of 85 for some months. Our Sunday school is Nazarene, however one-hundred per cent in regard to teachers we are happy to count among our best friends and pupils, people from almost every church or faith represented in the country. We are especially delighted to find children who have never attended Sunday School and bring them in.

Our revival in the summer with Rev. N. E. Berryhill, of Ft. Worth preaching brought wonderful results, ten or twelve united with the church and more were converted. These new members are now working and praying like veterans to help win others. As a church, we truly praise God for saving our neighbors, but there are others need spiritual help and with these new brothers and sisters in the Lord, we continue to work for our Heavenly Father.

Our Wednesday night prayer meetings in the church have been well attended, are spicy and spiritual and are always led by the latest convert. Our cottage prayer meetings on Friday nights are fine and everyone is anxious to go. Some of our people drive ten and twelve miles over roads to be in these services.

Sept. 28, at 8:00 p. m. on the well lighted church lawn, the young people entertained with a farewell and appreciation social for one of our young preachers and his wife. Brother and sister Duke who are moving to Wellington. After a program of songs and talks and gift admiring, some lively well directed games were played. Cookies and punch was served to perhaps forty-five people. We regret to lose Rev.

and Mrs. Duke and their two sweet babies, Billie and Kenneth.

Carmichael Chevrolet Company

HAMLIN — —:— TEXAS

DALLAS OCT. 22

Carmichael Chevrolet Co. Opens In Hamlin Saturday

Hamlin people are again to hear a great deal about Chevrolet cars. This is proven by the Herald this week, which is carrying extensive displays of the 1940 Chevrolets and with a new Agency in Hamlin.

Stanley Carmichael has acquired the Chevrolet agency in Hamlin and therefore the firm name is styled "Carmichael Chevrolet Company."

There is no need for the Herald to "introduce Stan Carmichael" for as a matter of fact, Mr. Carmichael has been in Hamlin so long that he even married a Hamlin girl and has become a "fixture."

The Herald reporter met "Stan," (that's what we all call him) the other day, and we observed he had his hat all cocked back and had a smile on his face long as a fence rail . . . Well, we can't just here tell you what we thought caused that smiling face, but really it was not what we thought. He began to tell us about his Chevrolet Agency, and what he thought about the "New 1940 Chevs." He says, gosh, we have already started sales, and it looks like the road is wide open. So if enthusiasm counts, Stanley Carmichael is already going Chevrolet in high.

SALES ROOMS WILL BE LOCATED IN THE KING BUILDING

Stanley Carmichael thinks a great deal about "habit." He says, Hamlin people have gotten the habit of seeing Chevrolet cars in the King building and no other place would

suit him. So to see the New Chevrolets one will have to go to that business place. The King building will be occupied jointly by the Sparks Auto Supply Company and the Carmichael Chevrolet Co. . . . a nice combination and no conflict.

The servicing department of Chevrolets will also be handled in the King building by competent mechanics. Mr. Carmichael has a great grin on his face when he thinks of how he will give a certain brother a race with the New Chevrolets. Stanley has gained a big reputation for several things in Hamlin, some of which is cotton warehousing, hash slinging, and he has had plenty of experience in car dealings. He knows every fellow in this section, and almost knows how many bolts in every car that passes him. So from here out you will not likely see Stan Carmichael chugging around in some other kind of car, except his Chevrolet, and Stan says, the Chevrolet does not "chug" but gets up and skins out sleek as greased soap.

Now boys, we do not want any racing around Hamlin. We have a good record as to car wrecks, Chevrolets or no Chevs, Stan, don't step on it too hard. But lots of luck to you, and don't get huffy, if people refer to you as "Chevrolet Carmichael."

Mr. and Mrs. J. J. Waggoner went to Melrose New Mexico, Wednesday to visit with Mrs. Waggoner's brothers, Lish and Jose Cooper.

I GIVE YOU TEXAS

(By BOYCE HOUSE)

This is the time of year when the football fan takes pencil and paper and, from comparative scores tries to figure out the winner of the game coming up. And this calls to mind an expression of W. J. Barnes, former district attorney of Eastland, now practicing law in Houston:

"A coon can whip a dog; a dog can whip a possum and a possum can whip a coon."

It's like the story of the little boy who was given this problem: A frog fell in a well 21 feet deep; he climbed up two feet every day and dropped back three feet every night. How long did it take him to get out of the well?

The boy worked on the problem for several hours and then reported to the teacher, "Give me three more pencils and another tablet and I'll have him through to China by tomorrow morning."

For "color," it would be difficult to surpass a one-time oil boom town holding a reunion. Glimpsed in the crowds at the recent Breckenridge homecoming were Lea Walker of Ranger (brother of the late Breck Walker, chief figure in the development of Breckenridge) who is said to be the only child ever born on a cattle drive up the trail; Bill Little of Hot Spring, N. M., who drilled the discovery well in Stephens County and now owns a gold mine in New Mexico . . . (he brought back \$2,000 in gold flakes as proof); and "Shorty" Thompson, owner of the Burch Hotel, whose first job in Breckenridge was in a furniture store and the first sale he made was an ordinary table at the amazing price of \$150—and one for Ripley is that, just recently, Thompson bought that table back for \$7.00!

One of the exciting stories told of the Breckenridge boom was that of a "shooter" on a Sunday morning who grabbed a shell filled with nitroglycerin when it was forced back up out of the hole and thereby saved the lives of the congregation in a church house a few feet away. Tradition has not preserved the name of the hero but Edgar B. Davis, who works in the Breckenridge postoffice, informed this columnist that the shooter was John Canada, known as "Demp" because of his ability to fight, and further that Canada gave up the hazardous business to become a farmer in Arkansas.

THIS-AND THAT!

Is Harley Sadler of Sweetwater, celebrated tent-show owner and comedian going to run for Congress? Senator Wilbourne B. Collie of Eastland, first man in the history of the district to be elected for a second term, is likely to run again next summer. Some are saying he can't make it; maybe not; but the same thing was said the first time—and also the second time—he ran.

No-Man's-Land Beauty Shop in Wichita Falls.

Another odd name: Guaranty ice cream parlor in Ranger—the origin: the Guaranty bank was located in the building during the oil rush.

From the unpublished autobiography of a reporter:

Henry Helms, leader of the Cisco bank robbers (he shot two officers to death) was on trial for his life in Eastland and I was sitting right behind him. Suddenly, he whirled in his chair and his cold, gray eyes gazed into mine. Perhaps he had expected to find that a friend had made his way there, ready to hand him a pistol with which he could shoot his way out of the courtroom; or maybe he hoped to find the chair occupied by an officer who might have been caught off guard and his pistol seized. Anyway, he turned back around after a few seconds.

And speaking of "chilled," did you ever eat a chilled Pecos cantaloupe at Pecos? If not, it's worth the trip (provided you don't have to drive over 300 miles each way).

Mrs. Timp White in Kermit, Texas, will receive the Hamlin Herald for the coming year—a gift from her mother, Mrs. Pat Collins. This is a nice way to remember a daughter, or a son who are away from home. They always appreciate the home paper.

Miss Beulah Lou Burns, daughter of Mr. and Mrs. A. S. Burns of Hamlin, is one of the five girl "twirlers" of the Sul Ross Lobo band, leading the organization in its performances at college football games. Miss Burns is a sophomore student in the college, residing at the new Women's Residence Hall on the campus.

The other honorary girl members of the band are Miss Jo Laxson of Corpus Christi; Miss Barbara Beard of Alpine; Miss Jo Hazel Embry of Ballinger, and Miss Ruth Chambers of Alpine.

The girl "twirlers" wear colorful costumes in the band parade, short white pleated skirts, red and white jackets, and white oxfords and socks. They perform rhythm "strut" marches on the football field between halves of the game. Their first appearance was at the Marfa Highland Hereford fair last Friday night, at the Sul Ross A. & I football game. Sul Ross College-Publicity Director

1940 Chevrolets Make Their Bow

Three series of passenger cars, re-designed in the new "Royal Clipper" styling, and embodying numerous mechanical improvements to assure greater safety and comfort as well as finer performance, comprise Chevrolet's new line for 1940, introduced today. All series are much larger, overall length being increased 4 1/2 inches. The new exclusive vacuum power shift (lower left) is now regular equipment on all models of all series at no extra cost. Special De Luxe series, the Sport Sedan of which is shown at center, has a new T-spoke steering wheel with horn-blowing ring (upper right). Lower right, the 1940 Chevrolet six-cylinder valve-in-head engine, which has been improved for smoother, quieter operation, and extremely long life.

Hamlin's Lighted Athletic Field Is Among The Best

We were able to make this saving by hunting for bargains, enlisting the cooperation of our friends, taking advantage of cash discounts and buying quality merchandise right, but nothing cheap. We bought the poles from a bankrupt baseball organization in Abilene and saved over fifty per cent on the price of poles. We bought wire and much hardware at bankrupt prices, second hand and saved seventy-five per cent on the price of this merchandise. Many patrons of the school and fans of the town met at the park at night and helped dig holes, set post, build

FEATURED IN HARLEY SADLER SHOW

Henry, pictured above, world traveler, artist and magician, is the featured vaudeville attraction with Harley Sadler's all new stage show, which comes to Hamlin for a two night engagement, Wednesday and Thursday, October 18 and 19. Henry has just returned from a tour of 20 foreign countries and his act is distinctly new to this territory. In addition to Henry, vaudeville includes Jesse Rogers, radio artist from station XERA, Del Rio, Texas; Jeannie Layne, acrobatic dancer, Billy Heath, singer; Eddie LaVerne, accordionist, Virginia Goodman, blues singer, The Musical Battens, in musical nonsense, and a 10 piece orchestra under the direction of Bob Siler. The opening play in Hamlin is "He Couldn't Take It," with Harley as "Dad," said to be his favorite part. Most of the people in the cast new, the show has been greatly enlarged and with all new vaudeville, promises to be one of the best shows Harley Sadler has ever brought to Hamlin. The Fire Department will sponsor the showing of the Harley Sadler organization here.

temporary fences and so helped cut the expense of our installation.

Does Hamlin appreciate her new lighted football field? Attendance at the games indicate that she does for we are playing before crowds about four times as large as has been our custom in the past.

Our lighting equipment surpasses that of our neighboring schools and is equal or superior to any eight pole plant in West Texas. Certain points of superiority are larger and higher poles, the best Alzac reflectors that can be bought, thirty-two 1500 watt lights and installation and alignment by the most expert electricians in West Texas. Despite these points of superiority our plant cost about \$700.00 less than any similar plant in any of our neighboring towns.

Much guy wire, braces, lumber, posts etc. were donated by firms without us requesting it which saved money on the enterprise. Local electricians worked up the wire, made the guys, and prepared the cross members for installation after work hours which saved us money when the crews came to put the equipment up.

Bear in mind that all of this has cost the tax payers nothing from their tax funds, nor will it be paid for in any detail from this fund.

The seven members of the local board and one school official signed all notes as a personal liability, obligating the school not at all for this plant, that has been built. They did this because they believed that the town would rather pay a few cents more per individual for their entertainment, in the cool of the evening under delightful conditions and among pleasant surroundings than to continue to play in a dust bowl, in the heat of the afternoon, standing on the sidelines and denying the business men the privilege of seeing our games or ask them to close their stores and so inconvenience customers and possibly lose trade.

Our dream is realized and we appreciate your support, and hope that you may see fit to come out to our games and enjoy our contest and help us to continue to provide for our boys of the football team, the members of our band, and the girls of our pep squad a suitable place to exercise and entertain, one the equal of any of our neighboring towns and one of which we may be proud for years to come.

PRICES SAME AS

OTHER TOWNS

Our prices are the same that Stamford, Anson, Haskell, Albany, Rotan, Spur and others charge for their games. It is less than you pay in Breckenridge, Abilene and Sweetwater for conference games. We do not wish to make money out of this thing. We only want our expenses to be met, our equipment for the boys to play in to afford ample protection and to equal in appearance those we play. And we want to maintain a plant that you will be proud of and enjoy. May you express your confidence in our boys of the team, members of the band, and our pep squad by attending our games. Your loyalty in the past has been most appreciated and we know that it is going to continue that we now begin our conference contests.

The Fashion Frock Of The Week

STYLE IN THE SCOTCH MANNER as worn in Hollywood by TOBY WING

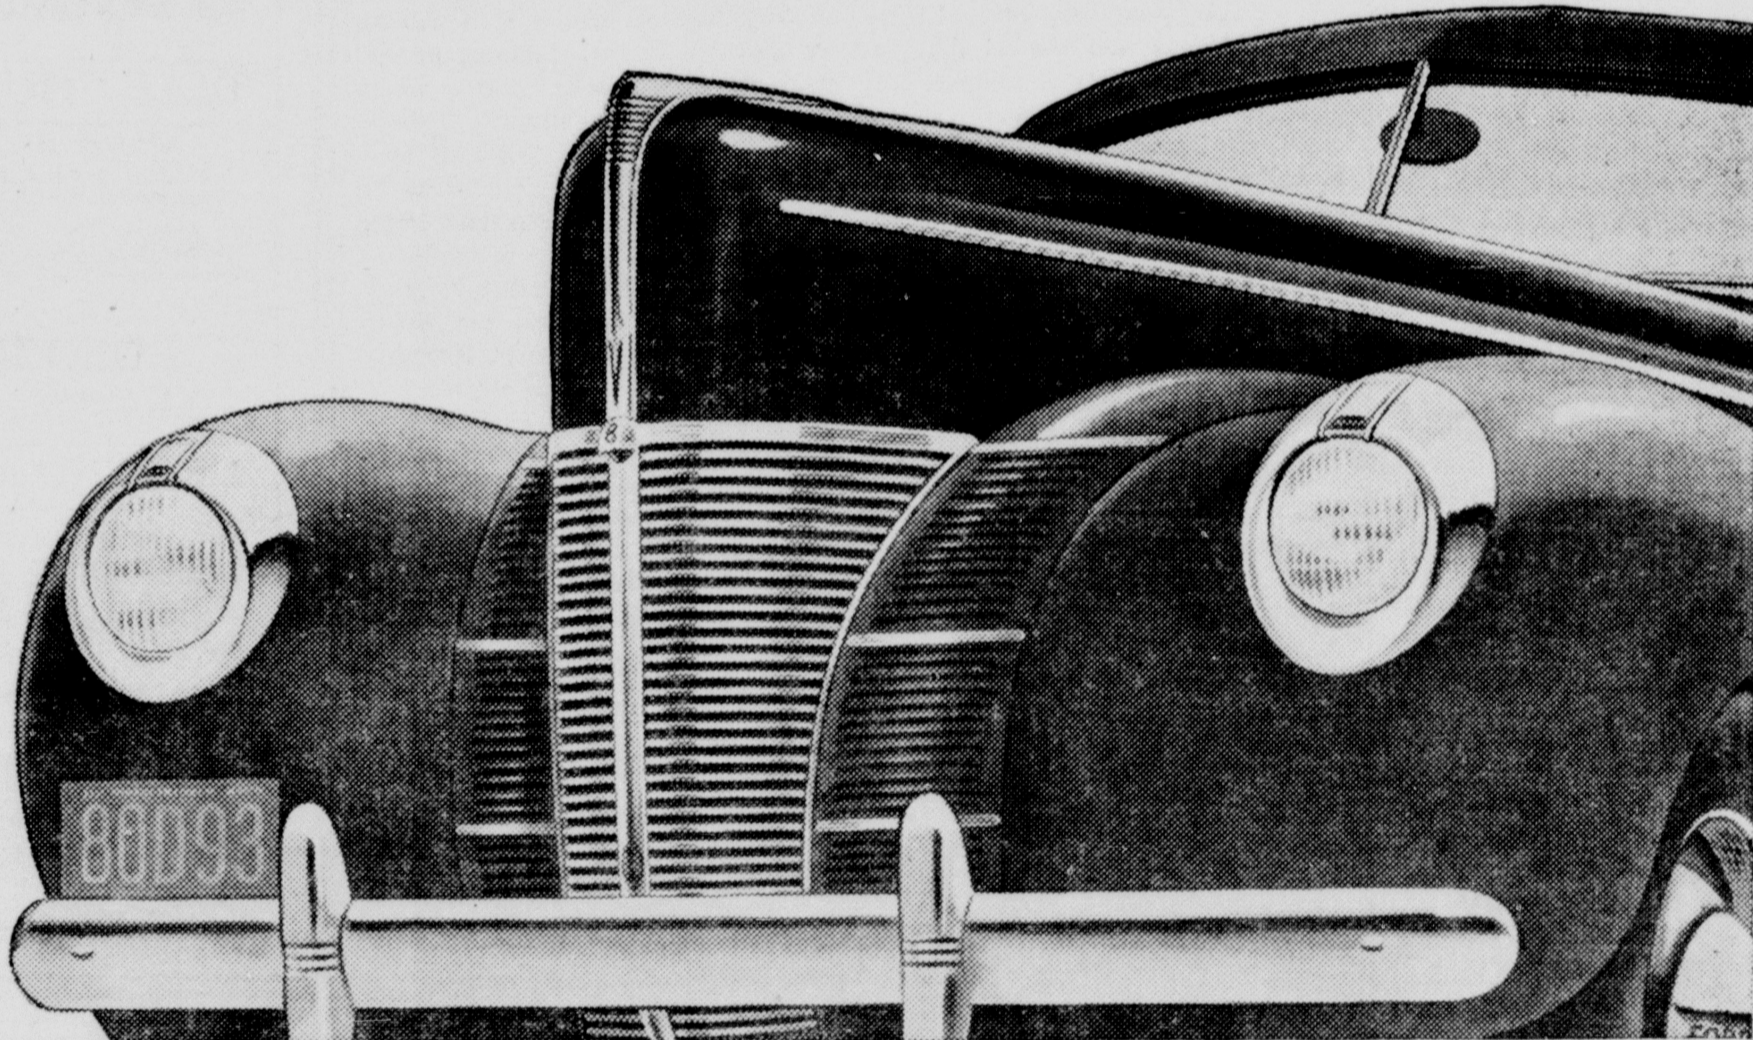

Featured Player of the Film

When Paris says plaids are right, fashion goes Scotch with vim and vigor. This week's style choice is made of Royal Stuart Tartan plaid—a fabric of woven spun rayon with all the rich appearance of fine wool. The row of dainty buttons that travel down to the waist and the novelty sleeve pocket are unusual style features that give this dress extreme smartness. Three sets of long, flattering pleats in the skirt and a patent belt with a clever buckle complete the picture. Scotch plaid invariably means various shades of red. But the plaids also look good in this style in shades of green. This is the type of dress that most women want, in order to have one frock that is really different.

FRAME GARDENS PAY

With five in the family, Mr. and Mrs. Adolph Rainwater are well prepared for feeding their family with a total of 500 quarts of vegetables and fruits canned, one calf yet to be canned and four hogs for meat and lard, and Mrs. Rainwater says that they will have vegetables from their frame gardens the rest of the year.

At the start of the year they fenced a garden 75 by 75 feet and piped it with water, built three frame gardens and three tub gardens. Mrs. Rainwater says that they supplied neighbors with vegetables in addition to what they used on the table and canned. Referring to her plentiful supply of food in the family larder she said: "It is lots of hard work but I had rather work than worry."

Mr. and Mrs. Denman Morgan, of San Antonio, were here Saturday and Sunday to visit his parents, Mr. and Mrs. J. P. Morgan. For several weeks Mr. Morgan has been confined to his bed, recovering from an operation but his condition is much improved and he will soon be able to be out again.

SWEETWATER SET FOR MIDWEST FAIR

Grounds and buildings of the Midwest Exposition at Sweetwater will be alive with activity for the next two weeks as preparations go forward for the 1939 fair, which opens on Tuesday, October 24, and continues through Saturday, October 28. According to President Austin Jordan and Secretary George Barber the fair will be larger and much better in every department than it was last year.

Exhibits of FFA chapters, 4-H club boys, club girls and club women will vie with community exhibits in attracting attention of the thousands of fair visitors. The Hereford cattle, dairy cattle, sheep, goats and poultry exhibits are expected to reflect progress of the eight counties participating, namely: Nolan, Fisher, Scurry, Mitchell, Coke, Runnels, Taylor and Jones. Three new departments have been added: a quilt show, a flower show and an art exhibit.

Distribution of the 3,000 premium catalogues was started last week and any person in the eight counties involved who desire a copy may have one by simply addressing a post card

to the secretary at Sweetwater.

A novel street parade will be held at 1:15 P. M. the first day. Attractive prizes have been offered to the winners of first, second and third places in eight separate divisions. These are: For the oldest automobile operating under its own power, for the largest family coming from the greatest distance, for the most novel school entry, for the boy with the reddest hair and most freckles, for the most comical entry of any kind, and for the oldest settler of Nolan county in the parade.

Mrs. G. Cleve Dunn returned Friday from Ruidosa, New Mexico, where she had spent the summer. Mrs. Dunn owns a group of cabins in Ruidosa known as the Texas Cabins.
